Ladies and Gentlemen:

I do not want to pay more for my telephone service! Please vote to reject a flat fee proposal that would change how contributions are made to the Universal Service Fund. I am concerned that this proposal could make my current service unaffordable.

I am already paying more in taxes than the rate for my telephone. I make very few calls on my telephone. why should I pay the same as people with a large volume of calls?

Under the flat fee proposal you are considering, people who make few long distance calls would pay the same as people or businesses that make many calls. In other words, low-volume and primarily residential customers would bear the same universal service fund burden as a high-volume residential or business customers. This is unfair!

I use my wireless phone for safety, security and convenience. I don't want to lose these benefits so that big businesses can pay less than their fair share. I urge you to reject the proposal to move the USF collection system to a flat-fee.

Keep the USF Fair!

Sincerely,

Bobbie Wilson 910 SW 3rd Ave Okeechobee, FL 34974

Sincerely,

Bobbie Wilson
